Start with a seat. Then lock the category.

Birch Reserve sells prepaid media credit inside a private, non-public member experience on Scale Health hubs. Every brand is hand-picked. The small-business package is the easy way to start, by card. Premium slots — from $25K, $25K–$50K, inquire only — are the main event: category exclusivity, a larger display share and priority placement. Nothing runs until an insertion order names the hub and surface.

FOUR PLACEMENTS IN EVERY HUB

INQUIRE ONLY
Post-purchase
Thank-you and booking-confirmation page, right after an order or booking.

Hub home
Banner and tiles on the co-branded hub home page.

Product & services
Inside product, service and booking pages while members browse.

Member dashboard
Logged-in home where members track orders, plans and bookings.

Each surface can be bought as display or CPC. Post-purchase and other premium slots (larger view blocks and locks) are inquire-only and cannot be paid by card.

TWO PACKAGES

SMALL BUSINESS PACKAGE · THE EASY WAY TO START

$190 look · $490 seat

Self-serve, paid by card. $190 USD ($270 CAD) is a 7-day look: 100% credit if you take the $490 seat within 7 days; otherwise a cash refund. The $490 USD ($690 CAD) category seat is 100% media credit, open to more than one brand. Credit spends down over 6 months. Does not lock category exclusivity.

PREMIUM SLOTS · THE MAIN EVENT · INQUIRE ONLY

From $25K, $25K–$50K

Category exclusivity, a larger display share and priority placement. No card purchase — we reply with an insertion order. Term is set on the IO. Start with a seat, then lock the category.

HOW IT WORKS

1. **Choose a placement** — four surfaces; post-purchase is inquire-only.
2. **Start with $190 or $490, then inquire** to lock a premium slot from $25K–$50K.
3. **An insertion order names the hub** before anything runs.
4. **Credit spends down over 6 months** on live hubs after your deposit lands.
5. **We report what ran**, per hub and surface.

WHAT YOU GET

A placement inside a private, co-branded member hub. Hand-picked curation.

Media credit toward display or CPC.

Aggregate reporting: views, clicks, UTM-tagged visits and promo-code redemptions, per hub and surface. A reporting dashboard and a regular reporting schedule are **coming soon**; the schedule is confirmed on your insertion order.

If you are the agency of record: **10% of media spend, paid in cash**.

REFUNDABLE 6-MONTH SPEND-DOWN

Credit spends down over 6 months on live hubs after your deposit lands. Unused credit can be refunded or extended month by month. The $490 seat is also fully refundable until 14 days before the launch date on your insertion order; after that date the credit stays usable for 12 months. A cash refund is also available if no approved surface is named within 60 days of payment. Draft terms until counsel stamps the terms page. See birchreserve.net/terms.

PRIVACY-FIRST

Reporting is aggregate only. No personal data is shared with brands. No names, contact details or health information. No PHI. No clinical pixels.

MEASURED PROOF WE CAN SHOW TODAY

8 launch brands feeding the audience **MEASURED**. 4 racquet-sport pages live on Calm Joints **MEASURED**. Early hub sessions: 49% Quebec, 43% Ontario (30 days to Nov 2, 2026) **MEASURED**. 20mm+ orders being onboarded now are modelled, not measured delivery **MODELLED**.
